

The Explorer

You have an endless basket of great ideas and have the ability to use pull together websites and Apps within SLS to energise your students!

At work

Always on the lookout for great EdTechs tools, you are the go-to person in your department on how to use SLS tools to improve learning outcomes.

At home

Outside of work, you have probably tried all the latest apps... and may have even heard of them before they get hyped up!

Favorite SLS tool

You love to embed a series of complementary websites and EdTech tools within your SLS lessons to achieve learning goals.

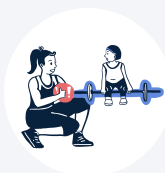

Helping others

Request to whitelist EdTech tools for embedding in SLS to help colleagues use them without having to remember a laundry list of tools!

SLS Recommends

Consider installing whitelisted Apps in Class Groups. You can create Assignments in the App itself, and it will be synced to your students' Assignments List. Quick and easy! [Find out more.](#)
